

*San Diego HRS presents our
monthly Speaker Series...*

PET-ASSISTED THERAPY: Would Your Rabbit Qualify?

Join us for an informative talk on the Pet- Assisted Therapy program at San Diego Humane Society. Judith Eisenberg, the P-AT Program Coordinator, will discuss how the program works and how the P-AT bunnies work hard as animal ambassadors. The talk will include:

- How the Pet-Assisted Therapy program works
- How rabbits are chosen to become members of the P-AT program
- How bunnies fit into the program and their roles as animal ambassadors

Also joining us are representatives from Love on a Leash, another local pet-assisted therapy program that utilizes rabbits as therapy givers. Meet HRS educator, Sandi Stewart, and her bunny Sprout, ambassadors for Love on a Leash.

4 to 6 p.m.

Saturday, March 13
